1.7 Limitation of Remedies for Breach of Warranty |

- a. **Generally.** In the event of a breach of the limited warranty set forth in this Section 6, End-User's sole remedy, and SNG's sole obligation, is limited to the repair or replacement of the Goods by SNG, at SNG's

option. Such limitation shall apply regardless of whether the claim is characterized as arising out of breach of warranty, contract, tort (including, without limitation, fraud, fraudulent misrepresentation, negligence and/or negligent misrepresentation), strict liability, statutory liability, indemnity or otherwise. The expense of freight to the repair site shall be the responsibility of End-User. Except as provided in Section 1.7(b), below, the expense of freight from the repair site to End-User shall be the responsibility of SNG. If the repair site is other than a SNG factory or a location designated by SNG, reasonable out of pocket expenses, including, but not limited to, travel and lodging for SNG's service personnel shall be the sole responsibility of the End-User. End-User shall be solely responsible for any costs associated with making the Goods accessible or otherwise available to SNG for the performance of repair work on, or the replacement of, the Goods. Unless otherwise agreed in writing by End-User and SNG, SNG shall not be responsible for any back charges of any nature whatsoever. SNG shall in no event be liable for any monetary damages as a result of a breach of the warranty set forth in this Section 1.

b. Items Not Covered Under Warranty. In the event that an item is claimed by the End-User to be defective, but is not found to be covered by the warranty set forth in this Section 1, the item will be returned to the End-User. End-User shall in such case be responsible for all freight charges to and from the repair site and other expenses reasonably incurred by SNG with respect to the item, including, without limitation, labor costs associated with the handling, inspection and packing of the item.

c. Parts. Parts that fail within the ninety (90) days of the original sale will be replaced by new parts. Parts that fail after such ninety (90) day period may be replaced by either new or refurbished parts. Repaired or replacement components or parts shall be returned to the End-User free of charge via standard ground shipping. Any expedited shipment shall be at the End-User's expense.

d. Required Compliance With Warranty Claim Procedures. The obligation of SNG to provide the remedies set forth in this Section 1 are conditioned upon compliance by the End-User with the warranty claim procedures set forth in Section 1.9, below.

1.8 Assignment of Third Party Warranties | If the Goods contain components which are manufactured by third parties (such as, but not limited to, power units and winches), and which carry a warranty from the manufacturer, SNG shall assign such warranties to End-User, to the extent permitted by the terms of such warranties. SNG makes no representations or warranties with respect to any such warranties, and End-User shall look solely to the third party manufacturer for the performance of such warranties. Nothing in this Section 1.8 shall be construed as imposing any warranty obligations upon SNG which are different than, or greater in scope than, those assumed by SNG in Sections 1.1 through 1.7, above, and Section 2, below.

1.9 Warranty Claim Procedures | The obligations of SNG under this Section 1 are conditioned upon compliance by the End-User with the warranty claim procedures set forth in this Section 1.9. SNG shall have no obligation to the End-User under this Section 1 if End-User materially fails to comply with the following warranty claim procedures:

a. Warranty claims may be made, in writing only, by contacting an authorized Switch-N-Go dealer or SNG, 607 Erie Street, Saegertown, PA 16433.

b. The warranty claim must be received in writing no later than the expiration of the applicable Warranty Period. A minimum of two (2) photos, if applicable, must accompany the claim.

c. The End-User must provide a credit card number to SNG against which non-warrantable repairs and/or replacement costs and shipping costs can be charged. SNG will initially charge the credit card for shipping costs. If the returned Goods are determined to be covered under warranty, the End-User's credit card will be credited back for amounts charged against the credit card which are covered under the warranty.

d. To make a valid warranty claim, the End-User, i.e., the original owner, must first have completed and returned to SNG an official Switch-N-Go Warranty Card within thirty (30) days of taking delivery of the Goods. In lieu of this requirement, a copy of the original bill of sale with legible date of purchase and serial number (if applicable) must be submitted with the warranty claim in order for the claim to be valid.

e. SNG, by its authorized representative(s), reserves the right to inspect Goods claimed to be defective and to resolve the claim, as SNG determines to be appropriate, by repair or replacement. Unauthorized repair or replacement prior to such inspection may void the warranty claim.

f. Goods claimed to be defective must be returned to SNG or a Switch-N-Go authorized dealer for warranty evaluation within thirty (30) days of the claim being submitted. The Switch-N-Go authorized dealer will

process the claim through SNG. All parts returned with valid warranty claims are to be shipped prepaid to SNG. All collect shipments will be refused.

2. Patent Infringement

2.1 Warranty | SNG warrants that the Goods, and any part of the Goods which are manufactured to SNG's design, shall be delivered free of any rightful claim of infringement of any United States patent.

2.2 Obligation to Defend | Upon prompt written notification by End-User of any claim of patent infringement, SNG shall defend or settle any claim of patent infringement at SNG's sole cost and expense. End-User shall provide any information and assistance requested by SNG in providing such defense.

2.3 Remedies | SNG shall pay all damages and costs awarded against End-User incurred as a result of a breach of the warranty contained in this Section 2. In the event that the use of the Goods or parts is enjoined or in the event SNG decides to defend or settle a claim of patent infringement, SNG shall at its sole expense and option, either: (1) procure for End-User the right to continue using such Goods or parts; (2) replace the Goods or parts so that they are non-infringing; or (3) remove the Goods or parts and refund the purchase price, less reasonable depreciation for any period of use. The remedies set forth in this Section 2.3 shall constitute the sole and exclusive remedies of the End-User in the event of a breach of the warranties contained in this Section 2.

2.4 Exclusions | The warranty set forth in this Section 2 shall not apply to: (1) any Goods or parts specified by End-User or manufactured to End-User's design; (2) any Goods or parts altered or modified by End-User or any third party; or (3) the use of any Goods in conjunction with any other product, not manufactured by SNG. With respect to the Goods described in this Section 2.4, SNG assumes no liability for patent infringement and End-User shall defend, indemnify and hold SNG harmless from any claims, liability, damages or expenses, including reasonable attorneys' fees, as a result of any patent infringement claims arising therefrom.

3. Limitation of Damages

3.1 Exclusion of Certain Damages. | In no event shall SNG or SNG's employees, officers, directors, representatives, affiliates and/or agents be liable for consequential, incidental or punitive damages incurred by End-User or any third party in connection with any matter arising out of or relating to the Warranties set forth herein, or the breach thereof, regardless of whether such damages are characterized as arising out of breach of warranty, tort (including, without limitation, fraud, fraudulent misrepresentation, negligence and/or negligent misrepresentation), contract, strict liability, statutory liability, indemnity or otherwise. Such limitations shall apply regardless of whether SNG has been advised or otherwise made aware of the possibility of such damages arising. For purposes of this Section 3.1, consequential damages include, but are not limited to: (1) End-User's lost production, sales and/or profits; (2) End-User's loss of use of the Goods and/or any other equipment; (3) End-User's cost of capital; or (4) any claims of customers of the End-User against End-User or SNG

3.2 Limitation of Amount | Notwithstanding any other provision of this Contract, the total liability, in the aggregate, of SNG and SNG's employees, officers, directors, representatives, affiliates and agents to End-User or any third party claiming through or under End-User for any claims, losses, damages, or costs arising out of or relating to the Warranties set forth herein, or the breach thereof, shall not exceed the total consideration paid by the End-User for the Goods. This Section 3.2 shall apply regardless of whether the claim is characterized as arising out of breach of warranty, contract, tort (including, without limitation, fraud, fraudulent misrepresentation, negligence and/or negligent misrepresentation), strict liability, statutory liability, indemnity or otherwise..
